U.S. Business Master File

Universe
20,000,000

Before building relationships with clients, you must find them. The Business Master File makes it easy to connect with B2B prospects. Our U.S. Business Master File gives you the ability to reach over 20 million public and private businesses. We are *the* source for the most accurate and cost effective business sales leads, mailing lists and telemarketing lists. By combining a multitude of public and proprietary data sources, we have brought to market a database of over 20 million businesses rich in demographics and firmographic selections.

Our Multi-sourced business database combines a wide range of sources to deliver an industry leading B2B master file. Our business database is collocated from multiple sources to deliver an industry leading B2B master file. Our data is multi-sourced from Yellow pages, Government data, White pages, SEC filings, Annual Reports, Business Magazines and Industry Newspapers.

Not only do we cross reference a multitude of sources to ensure the most accurate data, we also verify each business by phone on an annual basis to keep our records up-to-date. This continuous verification process yields the most reliable and deliverable business database in the industry.
