Our auto data file offers auto related information that no other file on the market today can. Our mailing list provides the most accurate vehicle information (Owner, Address, Make, Model, Year and VIN) to allow you to get the most out of your advertising campaign.

“How current and accurate is the data?” Our auto file consists of actual vehicle information that is put through an in depth verification process allowing us to capture the best possible data. Above that, in some cases the file will even include Title Date information. This makes the data even more precise. The file is consistently updated through NCOA making its current deliverability rate better than 96%.

The Shelby Act applies to information obtained from the state, such as DMV. This data is NOT DMV data, and is not purchased from the state. Our auto data is compiled from numerous sources and run through a series of verification processes to capture the most accurate information available. This data is in full compliance with the DPPA and Shelby Act.

Pricing is based on quantity and selects please contact representative for further details.
